He was very pleased, but he wants the man's name.". "There's still something missing from our picture," Song had told them die night before, when she delivered her summary of what she had learned. "Marry hasn't been able to find a mechanism that would permit these things to grow by ingesting sand and rock and turning it into plasticlike materials. So we assume there is a reservoir of something like crude oil down there, maybe frozen in with the water.". "Marvelous," Singh said, truly impressed. He had seen the tiny whirlbirds weaving the suits, and the other ones, like small slugs, eating them away when the colonists saw they wouldn't need them. "But without some sort of exhaust, you wouldn't last long. How is that accomplished?". The editor hereby makes grateful acknowledgment to the following authors and authors1 representatives for giving permission to reprint the material in this volume:."You people want to take a walk around the dome with me? Maybe we could discuss ways of giving people a little privacy.".sounded vaguely Japanese. The booklet described the

Your clone is your twin brother (or sister) and is no more you than your predator. But Lea asked gently, "What did it say? I have studied the languages of men and perhaps I can help." "Okay," I said, but I wasn't entirely convinced. Why would anyone deliberately and brutally murder. "Thank you very much," said Amos and hurried off to the wheel-house. When he found the second hatchway, he went down very quickly and was just about to go to the barred cell when he saw the grimy sailor with the great iron key? who must be the jailor as well, thought Amos. "We were suiting up when you got here. It takes about half an hour, so we couldn't get out here to meet you." "Maurice was a philatelist. He specialized in postwar Germany-locals and zones, things like that. He'd gotten a kilo of buildings and wanted to sort them undisturbed." "PolySensitives," she said. "I haven't seen any of these since I was a little girl." She sat down in the. The nice thing about guilt is that it's so easy to repress. Within a day Barry had relegated all recollections of his criminal behavior of the night before to the depths of his subconscious and was back at Intensity Five, waiting for whomever to strike up a conversation. The only person who so much as glanced his way, however, was Evelyn, the woman behind the refreshment stand. He went to other speakeasies, but it was always the same story. People avoided him. Their eyes shied away. His vibrations became such an effective repellent that he had only to enter a room in order to empty it of half its custom. Or so it seemed. When one is experiencing failure, it is hard to resist the comfort of paranoia. Maybe it's me, but I don't think I'm handling the stim console badly. If I were, the nameless tech would be on my ass over the com circuit. "It was one of the fruit," she said, gasping for breath and coughing. "I was heating it in a beaker. Four black bearers had appeared, bearing a long black palanquin. They proceeded to set it down directly before the gate. I knew from its length that here was no ordinary wealthy merchant, but I was unprepared for the personage who presently stepped out and stood gazing at the Project with black blazing eyes. Those eyes burned right through Ike and Eli and Dan and me, as though we weren't even there, then swept upward, absorbing the entire Project with a single glance. It dawned on me finally, as I took in the small gold crown nestled in the black ringleted hair, the flared eyebrows, the fierce nostrils and the defiant jaw, that I was looking at the King. Just then, behind the bars, Amos saw the pile of grubby grey blankets move. A corner fell away and he saw just the edge of something as red as his own bright hair. I spent Sunday with my mother in Inglewood. My mother was touring Yucatan at the time, but that was moved across the room to stand staring down at him on the bed. Then, as she sank upon his nakedness. 139. Thoroughly ridiculous." "I think so," Lang said. "It was so little water, though. You know we didn't want to waste it; we condensed it out until the air we exhausted was dry as a bone." and laughing. She had known a lot of famous people and was a fountain of anecdotes, most of them. "I have just been given the ultimate garbage presentation," he said. "Your boys should know better. I tried to extend the day by inviting her out for dinner as I was driving her back to her cabin." "One, we have food for twenty people for three months. That conies to about a year for the five of us. With rationing, maybe a year and a half. That's assuming all the supply capsules reach us all right. In addition, the Edgar is going to clean the pantry to the bone and give us everything they can possibly spare and send it to us in the three spare capsules. That might come to two years or even three. Barry proffered his most harmless smile. "I wasn't even thinking of that." 227. Downtown Cinema (or something) at the west end got good openings. The Nu-View, across the street and down, was showing an X-rated double feature. It was too depressing. So I closed the blind. "Where would that have come from?" Today the sustenance that our industries crave is not oil, but minerals. Fifty years from now our understanding of controlled-fusion processes will probably have eliminated that source of shortages too, but in the meantime shorter sighted political considerations are recreating the climate of tension and rivalry that hinged around the oil issue at the close of the last century. Obviously, South Africa's importance in this context is shaping the current pattern of power maneuvering, and the probable flashpoint for another East-West collision will again be the Iran-Palestine border region, which our strategists expect the Soviets to contest to gain access to the Indian Ocean in preparation for the support of a war of so-called black African liberation against the South. guileless innocence was real, damn it, real. "What's his room? I'd like to talk to him." around through a random maze, going through more gates that opened when they neared them. Barry shook his head. ?Twenty different ideas? Impossible." my word. He was real bad this evening. He came down about four-fifteen, like I said. He didn't. I called David Fowler: "Yes, Andy had a portable typewriter, but he hadn't mentioned being a." "Not me," she said. "I mean being in a star's bed." I told her she was a bitch and she laughed. Not. "You've got to name it after me," he said as they hurried back to the garden. "That's my right, isn't it. Smith turns to the ship again: the deck is empty. He dips below to look at the hold, filled with casks. Naturally, the ordinary "somatic cells" of an adult human body, with their genetic equipment working only in highly specialized ways, cannot divide into a whole organism if left to themselves. Many body cells, such as those of the muscles or nerves, have become so specialized they can't divide at all. Only the sex cells, eggs and sperm, retain the

lack of genetic specialization required to produce a new organism under the proper circumstances..think you should consider that when you're deciding what we should do."
