"Good heavens, Vinnie, I know that," she assured him as she lifted Barty-hardly bigger than a bag of sugar-from the bassinet. She settled with the baby into a rocking chair..Junior tossed garments on the floor and across the bed to create the impression that the detective had packed with haste. After being imprudent enough to blast Victoria Bressler five times with his service revolver-perhaps in a jealous rage, or perhaps because he had gone nuts-Vanadium would have been frantic to flee justice..Agnes Lampion would enthral them, for hers was a life of clear significance. That they seemed equally interested in Paul's story, however, surprised him. Perhaps they were merely being kind, and yet with apparent fascination, they drew out of him so many details of his long walks, of the places he had been and the reasons why, of his life with Perri..This Dry Sack-assisted effort at recollection, however, brought back to him one thing in addition to all the sweet lubricious images of Seraphim naked. The voice of her father. On the tape recorder. The reverend droning on and on as Junior pinned the devout daughter to the mattress..Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver..After a while, he dared to crack his eyelids. Pressing against his eyes was a blackness as smooth and as unrelenting as any known by a blind man. Not even a ghost of light haunted the night beyond the window, and the slats of the venetian blind were as hidden from view as the meatless ribs under Death's voluminous black robe..Victoria Bressler lay on the floor of the small foyer, left arm extended past her head, palm revealed, as though she were waving at the ceiling, right arm across her body in such a way that her hand cupped her left breast. One leg was extended straight, the other knee drawn up almost demurely. If she had been nude, lying against a backdrop of rumpled sheets or autumn leaves, or meadow grass, she would have had the perfect posture for a Playboy centerfold..Thick fog distorted all sense of time and place. At each end of the block, pearly hazes of light marked intersections with main streets but didn't illuminate this narrower passage in between. A few security lamps-bare bulbs under inverted-saucer shades or caged in wire--indicated the delivery entrances of some businesses, but the dense white shrouds veiled and diffused these, as well, until they were no brighter than gaslights..LATE TUESDAY AFTERNOON in Bright Beach, as a darker blue and iridescent tide rolled across the sky, seagulls rowed toward their safe harbors, and on the land below, shadows that had been upright at work all day now stretched out, recumbent, preparing for the night..Sheena Hackachak, at forty-four, was more beautiful than any current movie star. She looked twenty years younger than her true age, and she so resembled her late daughter that Junior felt a rush of erotic nostalgia at the sight of her..The phone rang at 3:20 in the afternoon, just after he switched off the radio in disgust. Sitting in the breakfast nook, the Oakland telephone directory open in front of him, he almost said, Find the father, kill the son, instead of, "Hello"..Licky did not take him into the roaster tower, but back to the barracks. From a locked room he brought out a small, soft, thick, leather bag that weighed heavy in his hands. He opened it to show Otter the little pool of dusty brilliance lying in it. When he closed the bag the metal moved in it, bulging, pressing, like an animal trying to get free..Hard experience had taught him, however, that killing someone he knew, while occasionally necessary, didn't release stress. Or if it did briefly release stress, then unforeseen consequences always contributed to even worse future stress..By the time all the details of mortuary and cemetery services were settled, Walter Panglo had a nervous tic in his left cheek. His eyes were open wide, as if he'd been so startled that his lids froze in a position of ascension, locked by a spasm of surprise. His hands must have grown clammy; he blotted them repeatedly on his suit..Zedd taught in this world where dishonesty is the currency of social acceptance and financial success, you must practice some deceit to get along in life, but you must never lie to yourself, or you are left with no one to trust.."You must've slipped this one in my pocket when you first came in here," Nolly deduced..No longer able to judge the boy's degree of sleepiness by his eyes, she relied on him to tell her when to stop reading. At his request, she closed the book after forty-seven pages, at the end of Chapter 2.."Oh, yes. When he phoned, Reverend Collins told me all about you and Bartholomew. At the front door, when I asked the boy's name, I already knew it and was just setting up this little trick for you."..The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell..Sapphires and emeralds, dazzling gems set in clearest white, ebony pupils at the center. Beautiful mysteries, these eyes, but no different now than they had ever been, as far as she could tell..Using the brochure as an ice-breaker, Junior circulated through the throng, seeking anyone who'd attended the.No one seemed to realize that predicting the future might not be a suitable entertainment in this house, at this time, considering that Agnes had so recently and horribly been blindsided by fate..He paused, not sure how to proceed. He was not accustomed to writing letters to total strangers..That same day, he dared to visit two galleries. Neither of them had a pewter candlestick on display..Agnes prepared a dinner to indulge him: hot dogs with cheese, potato chips. Root beer instead of milk..Nolly liked to watch her hands while she worked. They were slim, graceful, the hands of an adolescent girl..Footsteps in the hall drew their attention to the open door, where the surgeon appeared in his loose cotton greens..Every mother also believes that her baby is smarter than other babies. Sadly, time and the child's choices in life usually require her to adjust her opinion as she never will in the matter of physical beauty..By Sunday evening, a combination of factors-deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more-motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place..stopped by to help Agnes, and some offered to stay with her at night. She gratefully accepted assistance with the housecleaning, laundry, and shopping, but she declined the all-night company because of her dreams..Yet, with no recollection of rising from his chair, he found that he had shouldered his backpack and crossed the room. The three men looked up expectantly..This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings..SHORTLY BEFORE one o'clock, the Hackachaks descended in a fury, eyes full of bloody intent, teeth bared, voices shrill..His patience exhausted, the pianist wrenched his hand out of Junior's grip. He glanced around nervously, certain that they must be the center of attention, but of course the reception guests were lost in their witless conversations, or they were

gaga over the maudlin paintings, and no one was aware of this quiet little drama. "I can try, your highness." Wally Lipscomb's face, as long and narrow as ever, seemed not at all like the dour visage of an undertaker, as once it had, but rather like the rubbery mug of one of those circus clowns who can make you laugh as easily by striking an exaggeratedly sad frown as by putting on a goofy grin. She saw a warmth of spirit where once she had seen spiritual indifference, vulnerability where once she had seen an armored heart, great expectations where once she had seen withered hope; she saw kindness and gentleness where they had always been but now in more generous measure than before. She loved this long, narrow, homely, wonderful face, and she loved the man who wore it. He pressed the muzzle of the weapon against the girl's forehead and said, "Naomi, Seraphim, you were exquisite lovers, but you've got to be realistic. There's no way we can have a life together." He remembered standing in the cemetery, downhill from Seraphim's grave-although at the time he'd known only that it was a Negro being buried, not that it was his former lover-and thinking that the rains would over time carry the juices of the decomposing Negro corpse into the lower grave that contained Naomi's remains. Had that been a half-psychic moment on his part, a dim awareness that another and far more dangerous connection between dead Naomi and dead Seraphim had already been formed? In the instant that Junior had shoved Naomi into the rotted railing, he had foreseen this visit from Rudy, Sheena, and Kaitlin. He'd known he could pretend to be offended at the state's offer to put a price on his loss, could feign revulsion, could resist convincingly--until gradually, after grueling days or weeks, he reluctantly allowed the indefatigable. At one point late in the afternoon, as all three Hackachaks were hurling scorn and invective at Junior, he noticed Vanadium standing in the doorway, observing. Perfect. He pretended not to see the cop, and when next he sneaked a look, he discovered that Vanadium had vanished like a wraith. A thick slab of a wraith. In spite of its dazzle and power and comfort, however, the car was not able to lift his spirits as he cruised the hills of the city. Somewhere along these darkly glistening streets, in these houses and high-rises clinging to steep slopes awaiting seismic sundering, the boy was sheltered: half Negro, half white, full doom to Junior Cain. THOUGH OTHERS MIGHT see magic in the world, Edom was enthralled only by mechanism: the great destructive machine of nature grinding everything to dust. Yet wonder suddenly bloomed in him at the sight of the ace bearing his nephew's name. Concerned that Junior's crying jag would trigger spasms of the abdominal muscles and ultimately another attack of hemorrhagic vomiting, the nurse had with her a tranquilizer. She wanted him to use the apple juice to wash down the pill. Extending his hand, watching the pianist closely, Junior said, "My name's Richard Gammoner." Bill wasn't impressed. "They build houses out of mud in China. No wonder everything falls down." All the way back to the ridge, sitting up front beside a county deputy in a police cruiser, with an ambulance and other patrol cars racing close behind them, Junior had shaken uncontrollably. When he tried to respond to the officer's questions, his uncharacteristically thin voice cracked more often than not, and he was able to croak only, "Jesus, dear Jesus," over and over. This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the same bucks. Taking her silence for assent, Tom continued: "Your father is gone from here, gone forever, but he still lives in other worlds. This isn't a statement of faith alone. If Albert Einstein were still alive and standing here, he'd tell you that it's true. Your father is with you in many places, and so is Phimie. In many places, she didn't die in childbirth. In some worlds, she was never raped, her life never blighted. But there's an irony in that, isn't there? Because in those worlds, Angel doesn't exist-yet Angel is a miracle and a blessing." He looked up from the city to the woman. "So when you're lying in bed tonight, kept awake by grief, don't think just about what you've lost with your father and Phimie. Think about what you have in this world that you've never known in some others-Angel. Whether God's a Catholic, a Baptist, a Jew, a Muslim, or a quantum mechanic, He gives us compensation for our pain, compensation right here in this world, not just in those parallel to it and not just in some afterlife. Always compensation for the pain ... if we recognize it when we see it." Edom and Jacob came to dinner with Agnes every evening. And though the past weighed heavily on them when they were under this roof, without fail they stayed long enough to wash the dishes before fleeing back to their apartments over the garage. According to the cards, Barty would be rich financially, but also in talent, spirit, intellect. Rich in courage and honor, Maria promised. With a wealth of common sense, good judgment, and luck. "Even when I was a young boy," Tom continued, "the world felt a lot different to me from the way it looked to other people. I don't mean I was smarter. I've got maybe a little better than average IQ, but nothing I could brag about. Flunked geography twice and history once. No one would ever confuse me and Einstein. It's just, I felt ... such complexity and mystery that other people didn't appreciate, such layered beauty, layers upon layers like phyllo pastry, each new layer more amazing than the last. I can't explain it to you without sounding like a holy fool, but even as a boy, I wanted to serve the God who had created so much wonder, regardless of how strange and perhaps even beyond all understanding He might be." Although Zedd counsels living in the future, he recognizes the need to have full recollection of the past when absolutely needed. One of his favorite techniques for jolting memories loose when the subconsciously. "Where did you hear that expression," she demanded, though she couldn't conceal her amusement. As if he sensed her reluctance to return to Dr. Chan, Barty had kept her occupied with talk of the red planet as they approached the office building, had talked her off the street, along the driveway, and into a parking space, where finally she relinquished the fantasy of an endless road trip. At 5:45, long past the end of office hours, Dr. Chan's suite was quiet. In his masterpiece *The Beauty of Rage: Channel Your Anger and Be a Winner*, Zedd explains that every fully evolved man is able to take anger at one person or thing and instantly redirect it to any new person or thing, using it to achieve dominance, control, or any goal he seeks. Anger should not be an emotion that gradually arises again at each new justifiable cause, but should be held in the heart and nurtured, under control but sustained, so that the full white-hot power of it can be instantly tapped as needed, whether or not there has been provocation. "Enough," said the nurse, and the nun reached through clouds of steam to crank off the water. The wedding reception-big, noisy, and joyous-spread across the three properties without fences. His mother's name was so often mentioned, her presence so strongly felt in all the lives that she had touched, that sometimes it seemed that she was actually there with them. Junior couldn't imagine why some Negro stranger would want to intrude. He hoped there wouldn't be trouble. "Well, anyway," she said, as though Muffins uncharacteristic viciousness had been adequately explained, "this mending ought to cover ten more lessons." Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to become a better version of the Tom Vanadium who

lives on in the other world of the wrong choice. There are so many worlds with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace." Her voice was flat and a little hard. Another man might have mistaken her tone for disapproval, for impatience, even for quiet anger. The pubescent physician returned with three colleagues, who crowded behind the privacy curtain to proclaim that none of them had ever seen any case remotely like this before. The oldest—a myopic, balding lump—insisted on asking Junior probing questions about his marital status, his family relationships, his dreams, and his self-esteem; the guy proved to be a clinical psychiatrist who speculated openly about the possibility of a psychosomatic component.
